

Opposition to S.B 16 and H.B 5416

Dear Co-Chair Winfield, Co-Chair Stafstrom, Vice Chair Flexer, Vice Chair Blumenthal, Ranking member Kissel, Ranking Member Fishbein, and all members of the Judiciary Committee:

Opposition to S.B.16

I strongly stand in opposition against S.B 16. Law abiding citizens have been building firearms since before the Constitution was written. "Ghost Gun" is a new, made up term for a problem that doesn't exist. There are very detailed laws on the books that state that a law abiding citizen has to serialize a homemade firearms. **S.B.14** is a step towards gun registration which is against every word written in the 2nd Amendment of our nations Bill of rights.

Opposition to H.B. 5416

I am strongly in opposition to H.B. 5416.

This bill makes me laugh! Do you honestly believe a good, hard working, law abiding citizen of this great nation could actually afford to buy more than one pistol in a 30 day period. Stop trying to BS the smart voters of Connecticut. Do you actually believe that criminals BUY firearms legally? Who is the target of this bill? (rhetorical)

Do your job

Understand that "We The People" aren't stupid. Do your job, start by enforcing the laws that are already on the books.

I support the citizen of Ukraine

President Biden told America that we would need F15's and nuclear weapons to fight against a tyrannical government. The proud, brave and courageous Ukrainian people have proven why our 2nd amendment is so important. God Bless America.

I fully support S.B.388 an act concerning the defense of a person or a person's dwelling, place of work or motor vehicle.

I support H.B. 5415 an act concerning the transfer of "Assault Weapons" and "Large Capacity Magazines"

I support H.B.5412 An act concerning the duty to retreat in a religious house of worship

Respectfully,

Scott Emanuelson
